Vizzolo Predabissi, 8 March 2021

Object: Declaration about the regulation 1907/2006/EC of the European Parliament and of the Council of the European Community concerning the registration, evaluation, authorisation and restriction of chemicals (REACH)

From December 18th 2006, the Council of the European Community established the regulation EC No. 1907/2006 concerning the chemicals (REACH).

On June 1st 2008, the REACH regulation (Registration, Evaluation, Authorisation and restriction of Chemicals) started its course of action.

With this declaration **WAIRCOM MBS S.p.A.** via Piemonte 13/15 - 20070 Vizzolo Predabissi (MI) Italy wants to inform its customers located in the European Community and all concerned, about the position adopted regarding the above mentioned regulation.

As a manufacturer of products for automation, **WAIRCOM MBS S.p.A.** has no obligations for registration according to REACH regulation, because the conditions, that request fulfilments with reference to article 7 of the regulation EC No. 1907/2006, don't subsist. The chemicals which are included in this regulation and present in the produced items are not released during standard use.

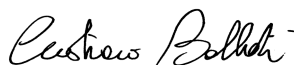

As a downstream user, **WAIRCOM MBS S.p.A.** wants to inform that is taking contact with its suppliers asking them to proceed with the pre-registration and to inform their upstream suppliers of the obligations which derive from the regulation.

Furthermore, **WAIRCOM MBS S.p.A.** made an analysis about the use of the substances in order to inform the upstream suppliers to update the Safety Data sheets of the substances and preparations as per REACH regulation.

What above written is valid for the substances listed in the ECHA website until today:
